

Steinhauer ontwerpt en ontwikkelt al ruim zeventig jaar verlichtings-armaturen.
Het voortdurend creatief toepassen van trends is, mede dankzij onze ervaring, ons handelsmerk geworden. Steinhauer is niet alleen in staat om armaturen een eigen gezicht te geven; het is minstens zo belangrijk dat ze voor u commercieel interessant zijn. Flexibiliteit in ontwerp en productie bepaalt ons succes. Om te kunnen voldoen aan de vereiste flexibiliteit, hebben wij alle fasen in het productieproces in eigen beheer: van ontwerp en ontwikkeling tot productie en vervoer. Onze catalogus geeft u een goed beeld van onze collectie verlichtingsarmaturen. Steinhauer streeft altijd naar een nieuw licht op armaturen.

For over seventy years, Steinhauer has been designing and developing lighting fittings.
Putting this experience to good use in the constant, creative adoption of trends has become our trademark. Besides designing unique fittings, Steinhauer offers its customers commercially attractive arrangements. The measure of our success lies in design and production flexibility. To meet the rigid requirements of flexibility, we control each production phase in-house: from design and development to production and transport. Our catalogue puts the spotlight on our collection of lighting fittings. When it comes to fittings, Steinhauer is lighting the way.

Steinhauer entwirft und entwickelt bereits seit mehr als siebzig Jahren Beleuchtungsarmaturen.
Das konsequente und kreative Einspielen auf Trends wurde, auch aufgrund unserer Erfahrung, zu unserem Warenzeichen. Steinhauer verleiht Armaturen nicht nur eine spezielle Optik, ebenso wichtig ist, daß sie fur Sie auch in kommerzieller Hinsicht interessant sind. Flexibilität in bezug auf Entwurf und Produktion ist maßgebend fur unseren Erfolg. Um dieser Forderung der Flexibilität entsprechen zu konnen, haben wir alle Schritte im Produktionsverfahren in eigener Verwaltung: von Entwurf und Entwicklung bis hin zu Produktion und Transport. Unser Katalog vermittelt Ihnen ein gutes Bild von unserer Kollektion an Beleuchtungsarmaturen. Steinhauer bringt Licht in Armaturen!
